Going to the Rear

April 20th & 21st, 2010

9:00 a.m. - 12:00 p.m.

Class Is Full!!!!

"Going to the rear"" - This three hour seminar focusing on the concept of sending companies to the rear of a structure and what we need to know. This interactive program includes numerous photos and fire videos promoting class participation and tactical development is presented by experienced veterans who have truly been there and done it. Going to the rear is no different than going to the roof... we need to understand how and why it is important. If you are looking for a short and fresh training topic, this is it.
