Meets and Exceeds NFPA 1407

**Register Yourself and
Your Brothers Today !!**

This International Annual Course Is A Must For Every Firefighter Fighting Fires In The Structural Environment

This intense five-day 40 hour program provides participants with the most advanced and solid foundation and skills needed to work and act as a member of a rapid intervention team on the fireground. The course is delivered with continuous updated hands-on techniques and maneuvers that can be obtained in near zero visibility and in increased temperature environments. The course provides for life saving interventions through realistic scenarios based on improving overall success rates in the progressive areas of Firefighter Survival, Firefighter Rescue and Rapid Intervention Operations.

This course is recognized as one of the most comprehensive programs in the nation meeting and exceeding all guidelines in NFPA 1407.

NOTE:

Those Traveling By Air In and Out Of Country Upon Request Can Notify Romeoville Fire Academy Through The Registration Process For The Need Of An SCBA Due To Some
